## President's Report

Dear Council,

I hope that you all enjoyed your long weekend, and got a chance to eat some delicious food! We haven't had a meeting in a few weeks, and so I have a couple updates for all of you.

Paul, Katie and I had an AMS meeting on September 30<sup>th</sup>, which will update you on. And we're also having one this Thursday October 14<sup>th</sup>. So far the meetings have been focused mainly on establishing committees and updating policy in the AMS. Alex and I went to the DSC Academic Assembly on October 4<sup>th</sup> where the different departmental DSC Representatives updated us on all of the events that they have been planning for the year. On October 8<sup>th</sup> I attended the TEAC (Teacher Education Advisory Committee) Meeting, with the Dean and Associate Deans of Education, Superintendents from the surrounding school boards, and representatives from the Principals Association. It was a little intimidating (obviously) but we discussed a lot of the issues surrounding education, and so it was very informative.

Con-Ed Camp was a huge success on October 2<sup>nd</sup> and 3<sup>rd</sup>, and even though it was a little chilly we all had a good time. Again, big thanks go out to Laura, Théa, Camp Kennebec Staff and all of the volunteers that helped us run the stations. Jody and I have been working on finalizing the budget, which will be presented at the meeting.

Congratulations to Holly Jepson for becoming our new TELC Representative, along with Jacqueline! We are happy to have her take on a new position, and she will be amazing as always.

We also have our new computer! It will be set up by the end of the week, and we're really excited about it!

Some things to look forward to:

- workshops!
- pumpkin carving contest (October 28<sup>th</sup>)
- Formal Committee Meeting (October 31<sup>st</sup>)

That's all for now!

Anna

## Queen's University Senate Report

Hi Council!

Senate has not met since September 23, 2010. Here are the highlights of the oral report I made at our last meeting:

1. The Principle's Academic Plan is now posted for community review. An online forum has also been launched. It can be found at <http://www.queensu.ca/principal/wherenext.html>.
2. Queens is working towards a teaching building (dedicated to teaching with large classrooms and modern facilities), a new engineering building, renovation of new and existing teaching space, and a life sciences building... however, there is no funding for at least a year ☹

Please feel free to come up to me or email me at [8tk3@queensu.ca](mailto:8tk3@queensu.ca) if you have any questions.

Con-Ed Love,  
Tiffany Kwong  
Student Senator
